

Dear Hiring Manager,

I am delighted and proud to recommend Mr. Mitra Boga for the computer science-related internship opportunity with your well-reputed tech organization.

I am Dr. Masood Ahmad Mahammad, Assistant Professor, School of Technology, GITAM (Deemed to be University). As his faculty, I taught him Digital Logic Circuits (CSEN1051). I can most certainly vouch for his academic and interpersonal skills.

Mitra possesses the intellect, logical thinking, creativity, adaptability, communication, attention to detail and analytical expertise required to excel in Engineering roles. I appreciate his keen interest and tenacity towards his education. He is a great planner and prioritizes well so that even when he faces any setbacks, he can optimize very well.

During his time as my student, he has consistently demonstrated great performance in concepts such as Number Systems, Binary Codes, Logic Gates, Boolean Algebra, Combinational Logic, Sequential Circuits, Verilog and Gate-Level Minimization.

As an aspiring Engineer, the internship at your organization would provide Mitra Boga with an opportunity to showcase and improve upon his natural talents and allow you to practically experience what Mitra has learnt theoretically. I am sure he will prove to be an asset to your organization and will prove his talent. I confidently endorse Mitra's application without any reservations.
