

Dear Hiring Manager,

It is with immense pleasure that I am writing this letter of recommendation for Mr. Mitra Boga in support of his application to pursue an internship at your esteemed tech organization.

I am Dr. Atheeque C, Assistant Professor, School of Technology, GITAM (Deemed to be University). As his faculty, I taught him Computer Engineering (CSEN1041). I can confidently vouch for his academic and personal skills.

Mitra possesses the resilience, intellect, analytical skills, leadership understanding, integrity, and discipline required to excel in any Engineering role. His righteousness is something that I appreciate as it is a trait that defines his view on success, and ethics and enables him to tackle any obstacle positively. His passion for technology will enable him to become a top-tier engineer.

During his time as my student, he has consistently demonstrated tenacious efforts and remarkable performance in Computer Engineering (CSEN1041). He grasps the conceptual and applicable concepts in the course such as Servers, Linux, Ubuntu, I/O devices, memory, digital storage, networking components, Bash, VMs, Internet Protocols, HTML, LAN, Proxy, Security, etc.

As an aspiring Software Engineer, the internship at your organization would provide Mitra Boga with an opportunity to demonstrate the skills he has keenly developed and provide value to your company. I strongly recommend Mitra Boga without any reservations.

*Dr. Atheeque C, Ph.D., Computer Engineering Workshop,
Assistant Professor, Department of Computer Science,
School of Technology, GITAM University,
Hyderabad, INDIA*
